Job Title: Software Test Engineer
Department: Software Testing
Location: Bangalore
Job Type: Full-time
Experience: 3-5 years
Notice Period: 0-15 days (immediate joiners preferred)
Work Arrangement: On-site (Work from Office/Client Location)

About the Role

Advantal Technologies is looking for a skilled and dedicated **Software Test Engineer (3–5 years' experience)** to join our QA team. The ideal candidate will have hands-on experience in automation testing across web and mobile platforms, with a strong focus on delivering high-quality software solutions. You'll work closely with cross-functional teams to drive testing strategies and maintain quality throughout the development lifecycle.

Key Responsibilities

- Design, develop, and execute automated test cases for applications.
- Identify and prioritize test scenarios for automation.
- Develop test plans and get them reviewed and approved.
- Use tools like QTP, Selenium, and Appium for test automation.
- Collaborate with developers and QA teams to resolve issues.
- Conduct performance, load, stress, regression, and security testing.
- Document and track defects using tools like Jira.
- Provide detailed defect reports and test summaries.
- Interact with clients to address and resolve quality issues.
- Stay current with testing tools, techniques, and trends.
- Contribute to the creation of test strategies, plans, and documentation.

Required Qualifications & Skills

- Bachelor's degree in Computer Science, Software Engineering, or related field.
- 3–5 years of relevant experience in QA and automation testing.
- At least 2 years' experience in manual testing.
- Proficient in tools such as Selenium, Appium, and Postman.
- Strong knowledge of Java, SQL, Python, HTML/CSS/XML.
- Experience in DB Testing, Agile/DevOps methodologies.
- Solid understanding of load, stress, and performance testing.
- Ability to create and maintain detailed test documentation.
- Strong communication, time management, and problem-solving skills.
- Experience in web and mobile application testing is a must.
- Knowledge of test management tools and bug tracking systems.

Why Join Advantal?

- Be part of a growing and innovative software company.
- Work on diverse and challenging projects across industries.
- Enjoy a supportive work environment focused on growth and learning.
